

Itinerary Molde – the Atlantic Road - Molde

This trip takes you from Molde to what is often described as the world's most beautiful road!

With its location at the edge of the mighty ocean, the Atlantic Road is as beautiful in sunshine and calm weather as in full storm and rain.

The Atlantic Road connects Averøy with the mainland via a series of small islands and islets spanned by a total of eight bridges over 8274 meters. The road is a national tourist route.

On this round trip, the bus stops at Eldhusøya, where you can take a walk on the suspended walkway around the islet. The walkway consists of latticework ("grids") "floating" above the terrain, and is suitable for or anyone.

The service building at Eldhusøya, with its distinct architecture that falls into the terrain, has a café and toilets. (Open Saturdays and Sundays in the spring and every day 1st June – 31st August.)

The area also offers a magnificent landscape, a rich bird life and great fishing opportunities.

Note that for some of the departures you have optional return times, allowing for a longer stop at the Atlantic Road. (See the timetable below.)
